Dear Mr. Schmitz;

Please accept our sincere thanks for the incredible generosity you demonstrated to us by donating the use of one of your storage units to the Bay Area Humane Society for more than 11 years. This generosity translates into more than \$10,000 that you saved our organization in storage fees that we would have had to pay over the years.

Your units are large, clean and well-lit, which has enabled us to work with and move stored items as needed. All around, that has been a valuable relationship for us, and we hope that you feel the satisfaction of knowing how grateful we are for this donated space.

Thank you again,

Marlene Walsh  
Executive Director
